Kelisim Customer Journey Map

Primary persona: Aigerim · Scenario: her first deal through Kelisim

Stage	1 Problem awareness	2 Solution search	3 Discovering Kelisim	4 Sign-up & onboarding	5 First deal	6 Getting documents	7 Follow-up & repeat
Actions	Bank returns the payment, the supplier asks for a contract in Chinese	Asks in seller chats, googles, checks lawyer prices	Explores the landing page, views a sample contract and pricing plans	Signs up, enters BIN, data is pulled in automatically	Fills in the questionnaire, gets a yellow status: “UCN, number needed”	Previews the document, changes Incoterms, downloads the PDF	Gets a Telegram reminder, marks the deal as done, starts a second deal
Thoughts & emotions	“What's wrong with the contract?” Emotion -2 (anxiety)	“A lawyer is expensive, templates are scary” Emotion -1	“Looks like what I need, but can I trust it?” Emotion 0	“Fast, no need to constantly type everything in” Emotion 1	“Good that they told me upfront” Emotion 1	“Done in 15 minutes!” Emotion 2	“The service remembers for me” Emotion 2
Touchoints	Bank, seller chats, suppliers, WarsApp	Google, Telegram chats, Instagram	Landing page, “How it works?”	Sign-up form, onboarding	Deal wizard, review screen	Preview, download	Telegram bot, dashboard, calendar
Pain points	Doesn't understand the cause, no lawyer	Many contradictory pieces of advice	Doubts about legal validity	Long forms put people off	Unclear terminology	Needs to change a single clause	Forgets about deadlines
Opportunities for Kelisim	Content in seller chats and Instagram: “why the bank returns a payment”	Chats recommendations; a clear landing page with price and sample document	Trust block: templates reviewed by a lawyer, demo document, testimonials	BIN autofill, 3-step onboarding	“What does this mean” hints; status explained in plain language	Quick clause editing without re-filling the form	Reminders, copy a previous deal, upgrade to paid plan, referral link
